*GR-CM = OZ-IN x 72

Features vary with applications and customer requirements and include:

- Single, multi or variable speed
- Totally enclosed, open, ventilated, non-ventilated
- Single and double shaft extensions
- Flats, keyways or threaded extensions
- Metric or inch shaft extensions and mountings
- Lead configurations, connectors, junction boxes
- Special connection diagrams

TORQUE MOTORS

STANDARD CONNECTION DIAGRAMS

Other ASHLAND Products Include:

- Centrifugal Blowers
- Radial Blade Blowers
- Multi Stage Blowers
- Crossflow Blowers
- Tangential Blowers
- Tubeaxial Fans
- Propeller Fans
- Axial Fans
- Torque Motors
- Induction Motors
- DC to AC inverters
- Stator & Rotor Sets
- Synchronous Motors
- Contract Machining

For information on these products or assistance with your specific application, contact the factory or your ASHLAND representative.
